

Product Data Sheet

Silicone Rubber Transfer Labels [SRTL]

Description:

Silicone Rubber Transfer Labels A Innovative Label product Completely Developed by G Prints & graphics, for transfer on Silicone Rubber Products. Silicone Rubber transfer labels are printed on release film, with special inks for transfer on silicone rubber only. Ink transfers on base rubber in curing process and release film peels off after curing. Transfer inks are manufactured in-house, specially developed for adhesion on silicone rubber while curing/vulcanization to form chemical bond.

Application:

SRTL are applicable on Silicone Hose like, High performance hoses, Radiator hoses & all kind of Silicone Rubber Hose. Also applicable on Silicone Rubber molded articles.

Supplying Forms:

SRTL are supplied mainly roll form, for low Quantities available in strip form. Strip form labels are supplied in size as per labels. Roll form labels are supplied in 10mm ,20mm,30mm till 210mm width, length could be till 500mtrs as per quantity. Release film 50microns as per application, single color printing color option available. Applicable on silicone rubber only.

Process of labeling:

Labels are placed ink side in contact with uncured hose at desired area over it draping of cloth/film is done. If draping is done on machine there should be attachment in machine to place labels over raw hose before draping. After curing of hose ink gets transfer on hose and release film could be peeled out. [Recommended do not to peel of release film till finishing of Hose pipe is done.]
